

**Emission Solutions**  
Over 55 years proven experience!!

- ◆ Reduce NO<sub>x</sub> 50% to 90%
- ◆ VOC Destruction up to 99.99%
- ◆ Acid Gas Destruction
- ◆ Reduce fuel costs by up to 70%
- ◆ On-Site Training and Consultation
- ◆ Mercury Removal

**Our Mission**

To provide **Engineered Equipment Solutions for Utilities & Industry to Optimize Performance**  
Cost effective, energy efficient equipment,  
making **M.A.C.T. & MATS Compliance possible.**

**VOC, NO<sub>x</sub>, PM Control Technologies**

**Thermal Oxidizers • Venturi Scrubbers  
Selective Catalytic Reduction (SCR)  
Catalyst Management • RTO's • Centrifugal Fans**

**SO<sub>2</sub> and PM 2.5 Control Technologies**

**Dust Collectors • Venturi Scrubbers  
Packed Bed Scrubbers • Baghouses  
Wet Electro-Static Precipitators**

**Process Optimization**

**Steam Ejectors • Vacuum Pumps • Condensers  
Steam Surface Condensers • Heat Exchangers**

**CEECO Equipment, Inc.**

**CEECO Equipment, Inc.**

**Heat Recovery**

Heat Exchangers - Coils - Cooling Towers

**Vacuum System Products**

Energy Recovery

**Air Emission Controls**

Thermal Oxidizers - Scrubbers - Process Fans - Dust Collectors - NO<sub>x</sub> Control

**Engineered Equipment Solutions for:**

- ◆ VOC - NO<sub>x</sub> - PM 2.5 - HAP's - Odor Control
- ◆ Complete Fan Design, Installation & Repair
- ◆ Thermal Oxidation
- ◆ Belt Scales/Conveyor Safety
- ◆ Boiler Service, Upgrades
- ◆ Particulate Control
- ◆ Dampers/Expansion Joints
- ◆ Scrubbers
- ◆ Steam Ejectors, Condensers, Vacuum Pumps
- ◆ Industrial Dehumidification

**Over 55 Years  
Experience**  
Since 1961

On-Site Consultation  
Available
